"A weapon that comes down as still
As snowflakes fall upon the sod,
But executes a freeman's will
As lightning does the will of God;
And from its force nor doors nor locks
Can shield you—'tis the BALLOT BOX."

TO THE VOTERS OF THE TOWN OF HULL

Is not the time at hand when the people of this town should exercise their rights, not only in the Election, but in the Nomination of the men that represent them in Town Government and in all other Elective Offices?

With this end in view your co-operation is asked and you are urged to vote at the Town Meeting on Monday, March 4th, in favor of the adoption of the official (or "Australian") Ballot System for the filling of all Officers provided by Law.

The Framers of the Constitution of the United States in their wisdom provided in Article XV, Section 1, that

"The right of citizens of the United States to vote shall not be denied or abridged by the United States, or by any State, on account of race, color, or previous condition of servitude."

Do we enjoy that right in full in the Town of Hull or has it been Abridged? Is our right to vote to be exercised in our Town Meetings or are we to continue to be the spectators of a farce? Abraham Lincoln in his Immortal Gettysburg Address Said--

"that this nation, under God, shall have a new birth in freedom; and government of the people, by the people, and for the people, shall not perish from the earth."

We hear that Congress has passed the Woman Suffrage Bill and that women enjoy the right of suffrage in many of the State of the Union. Have we men of Hull that right or are we allowing a chosen few to exercise that right in our stead? President Wilson in addressing Congress April 2nd, 1917, said:

"The world must be made safe for democracy. Its peace must be planted upon the tested foundations of political liberty—But the right is more precious than peace and we shall fight for the things which we have always carried nearest our hearts—FOR DEMOCRACY, FOR THE RIGHT OF THOSE WHO SUBMIT TO AUTHORITY TO HAVE A VOICE IN THEIR OWN GOVERNMENT."

Our soldiers are at the front, God bless them, fighting for our liberty and our honor. Shall we not have the manhood and the courage to stand on our feet on March the fourth and cast the ballots that will make our town a bigger, better and brighter place to live in?

LET US DEMAND THE OFFICIAL BALLOT - - It is our RIGHT and DUTY

FOR DISABLED MEN

For the training of crippled men in trades or occupations in which they can engage in spite of their handicaps the American Red Cross has established in New York city a school of re-education known as the Red Cross Institute for Crippled and Disabled Men. The organization of this institute has been made possible by a gift of over \$50,000 by Jeremiah Milbank of New York, who early in the summer of the past year saw the wisdom, in the present necessity of industrial production, of putting disabled men back on the payroll. The facilities of the institute will also be at the disposal of the government for the rehabilitation of crippled soldiers and sailors.

The activities of the institute, which is already under operation, include an employment bureau for cripples, industrial and commercial training classes for disabled men, and departments of scientific research and popular education. Members of the institute's staff have been engaged for the past six months in studying the experience of the European countries in reconstructing their disabled soldiers.

The institute is housed in a large building at 311 Fourth avenue, in the heart of New York city. The structure was formerly occupied by the College of Physicians and Surgeons.

RED CROSS NEWS

The annual spring exhibition of flowers, plants, fruits and vegetables by the Massachusetts Horticultural Society, of which Richard M. Saltonstall is president, will this year be a Red Cross flower show, and the entire proceeds will be given to the Boston Metropolitan Chapter of the American Red Cross.

The show will be held in Horticultural Hall, Boston, from Wednesday, March 13 to Sunday, March 17, inclusive. Both private and commercial exhibitors have promised to do everything possible to help make the show the most successful, artistically and financially, the society has ever held, and have willingly accepted the decision of the society to omit practically all money prizes, not only for the Red Cross flower show, but for all the society's exhibitions this year. James Wheeler, superintendent of the show, is already busy with arrangements for the exhibits.

One of the most attractive features of the show will be the Acacia Tea Garden, planned by Miss Dorothy Forbes, chairman of the Boston Metropolitan Chapter's flower show committee, assisted by Superintendent Wheeler. The garden will be in the large lecture hall and acacias will be the principal decoration. From 4 to 6 each day, except Sunday, there will be speaking and music in the garden, and tea will be served. The garden will be open to all who attend the show, except between 4 and 6, when a special admission will be asked.

Mrs. J. Montgomery Sears will have charge of the tea service, and food has been donated by Mrs. Robert S. Bradley, Mrs. Nathaniel Thayer and others. Society girls from the Red Cross Lunch and Tea Room and Vincent Club girls will act as waitresses.

Mayor Peters of Boston, will open the Acacia Tea Garden on the 13th, at 4 o'clock, and Arthur Fairbank of the Providence Journal will speak. The hostesses will be Mrs. Peters, Mrs. F. L. Ames and Mrs. E. D. Brandegee. Miss Martha Thorndike and Miss Sarah Wins-

low will have charge of the waitresses for the opening day. The Red Cross flower show committee, representing both the Horticultural Society and the Boston Metropolitan Chapter, is as follows:

Horticultural Society: Richard M. Saltonstall, James Wheeler, Thomas Allen, Prof. Charles S. Sargent, Thomas Roland and J. F. Farquhar. Boston Metropolitan Chapter: Miss Dorothy Forbes, Miss Eleanor Cotton, Mrs. Archibald Blanchard, Mrs. J. Montgomery Sears and J. J. Baxter.

PARTIAL PAYMENT LIBERTY BOND BUYERS HANGING ON

The percentage of persons who bought second Liberty bonds on the partial payment plan, and who have been obliged to discontinue payments, is surprisingly small. The impression that countless and workless Mondays caused a large number of purchasers to stop payments on their bonds is not borne out by facts learned in an investigation, the result of which are just reported by the Liberty Loan Committee of New England. Inquiries were made of several hundred corporations asking the number of subscribers and of defaulters to the first and second loans on the partial payment plan. Replies have been received from 812 corporations. The results show that for the entire New England states only five and one-half per cent of subscribers to the second loan have defaulted in their payments, as compared with 19 per cent who defaulted in the first loan.

The Plymouth County Farm Bureau will this year take advantage of the act authorizing municipalities to appropriate money for its support. The advisory board of the Farm Bureau heretofore has never tried to take advantage of this provision, although two towns last year, through the influence of the local directors, made appropriations for this purpose. The other farm bureaus in the Commonwealth, however, adapted this practice last year and received a

considerable proportion of their funds in this manner.

The Plymouth County Farm Bureau has voted to ask from the 27 cities and towns of the county a total of \$1800 to support its activities. To this end the selectment have been urged to insert an article in their town warrant covering the matter. The local director in each case has been asked to bring the article to the attention of the voters and to make the necessary motion.

The expenses of the bureau in 1917 were about \$6000. One-fourth of this amount was raised by individual subscriptions and the balance came from federal, state and county treasuries. It is expected that the bureau will have as many subscribers this year, but most of them will be at the regular membership rate of \$1 and the total amount of individual subscriptions will not reach the figure of last year.

The bureau's expenses in 1918 will

not exceed those of 1917 for it is proposed to confine its efforts to the essentials along three lines; that is, production of staple crops, home economics, and boys' and girls' club work. That the world needs quantities of staples such as corn, beans, potatoes, and pork is appreciated by every one. The farm bureau has been asked to lend its activity to the forwarding of this work, but needs the town support it is asking in order to fulfill its obligations.

The thousands of U. S. farmers who have accepted

VETERAN IN AMAZE AT ANNISTON CAMP

Private Snow Sees Wonders of
Modern Army Life at
McClellan.

WATCHES BAYONET DRILLS

Relic of Confederate Days in Open-
Mouthed Astonishment Watches
Irish Instructor—Says Conditions
Are Not as They Were in '60s.

Camp McClellan, Anniston, Ala.—
Private Clark Snow, he of the Ala-
bama "Yellow Hammer," who fought
for the Confederacy back in the '60s,
limped into Camp McClellan to give
the boys of the Blue and Gray a few
pointers on how to lick the Hun.

"I have had no experience with Mr.
Kaiser, but I reckon what Colonel
Johnston and I went through a few
years back was a fair sample of what
you youngsters are due to stack up
against over yonder," declared the
grizzled veteran of the struggle be-
tween the North and the South, as he
introduced himself to the students of
modern warfare.

"We didn't have those new-fangled
gases, but we had a battle against the
effects of some of the rottenest corn
whiskey that ever came from a still,
and I reckon that's just as bad. Take
it from me, youngsters, it's a good thing
for Uncle Sam that these moonshiners
have been scared into burying them-
selves away for the winter."

Private Clark Snow, with his chest
puffed out to fill up a spick and span
gray uniform made from the remnants
of the one in which he fought for the
Confederacy, was standing in the cen-
ter of a modern soldier city of 30,000
men and nearly as many canvas cano-
ples. He was escorted by a bunch of
soldier enthusiasts who were proud to
be a part of the Twenty-ninth division
and wanted to show the gray-haired
"vet" all the mysteries of present-day
fighting.

Shown Bayonet School.
The first thing the sightseers tum-
bled into was the bayonet school. Here
Sergeant "Bill" Madden, the very little
Irishman delegated to Camp McClellan
as a part of the British war mission,
was trying to make a group of pink-
cheeked ex-office clerks look blood-
thirsty. A dozen or more bayonet
blades glistened in the sunlight, and
there was "Peppery Bill" Madden
standing at the head of the class juggling a formidable-looking overgrown
jackknife.

"Ataboy; put some beef behind that
jab! If you don't get him he'll get
you!" shouted Bill.

The embryo fighters were being
taught to slice imaginary Germans to
ribbons.

"Cut that sentiment stuff out!"

GERMAN EYES PUT OUT

The old mill at Puzenux in the
Somme sector re-enforced and used by
the Germans as an observation post.
The mill was taken by the French after
a hand-to-hand struggle.

Too full for lengthy expression,
Snow remarked: "And us fellows used
to think we were kings when we had
bread pudding once a week."

On all parts of the reservation the
visitor found eye-poppers galore. Giant
motor trucks hummed in and out of
the well-laid winding camp streets in
place of the old-time army mule. The
whole camp was as spick and span as
the best cared for front lawn. On
every side there were evidences of
"pep" and enthusiasm. And the pecu-
liar part of the whole thing to Snow
appeared the fact that everybody
seemed busy performing some impor-
tant task.

After paying his respects to the
Stars and Stripes at retreat the vet-
eran summarized his impressions of
the inspection tour with ten-dimmed
eyes: "If our boys had all the good
things you have today there would be
a lot more of us alive to tell the story.
Conditions are not like they were back
in the '60s."

Newspaper Woman Tells Thrill-
ing Tale of Adventure.

Declares She Prefers Death to Life in
World Controlled by Victo-
rious Germans.

New York.—A thrilling tale of ad-
venture within the German lines in
Brussels, Louvain and Zebrugg, in-
cluding an escape from Ostend in a
sailboat while pursued by an airplane,
was brought back by Miss B. Bennett
Burleigh, a daring English newspaper
woman, who went "over there" to see
things as they are.

"I'd just want to die if we had to
live in a world where the German was
victorious," she said, her eyes blazing.
"I've seen them and I know how they
treat the women who come into their
power. Everything you read about

EVERY CITIZEN SOLDIER ON DUTY AT HIS HOME

Everyone must help if we are
to win. The soldier must obey
orders or there will be no army.
The people must be one or there
will be no nation. So that we
win, all of us must follow direc-
tions.

This is your war guide for use
in your home.
It tells you what foods we
must save to provision ourselves
and our allies; it tells how we
can stretch our supplies so
everybody will have enough—
without any hurt to your health
or your strength.

Your government does not ask
you to give up three square
meals a day—nor even one. All
it asks is that you eat less. All
the foods we need to keep the
armies going and eat all you
want of the other things that we
have in plenty.

Eat plenty—keep up your
strength and your vim to help
win the war. Your vim de-
clined to the nation everything
that you give up—just some hab-
its of the kitchen and table.

America and her allies must
not run out of wheat, meat, or
fats. If we let that happen,
Germany will win the war.
We must save sugar, use
every drop of milk, and—we
must learn to follow directions.

bawled Bill to a baby-faced private
whose face never had been introduced
to a razor. "That's not a knifing
needle you have in your hand. Poke
it right through that guy's ribs and
yank it out again before he's had a
chance to realize that he's dead.
Steady now. Rotten! That one went
between his legs. You're as good as
dead already. Carry your corpse over
there and watch me do it."

With teeth gritted, face drawn into
a million or more wrinkles and every
muscle of his body at high tension, the
spirited product of the Emerald Isle
went through the move. If he didn't
kill a German it was because there
wasn't one around.

Could Lick Whole Army.

"I thought I knew a thing or two
about using those hedge trimmers,"
gasped Private Clark Snow at the con-
clusion of the exhibition, "but that
Irishman could lick a whole German
army all by himself. If you young-
sters ever get worked up to the same
state of mind he's in there'll be a lot
of the kaiser's gang snoring with
their toes to the sky this time next
year."

In open-mouthed wonderment the
relic of Confederate days watched the
little foreign instructor disappear in
the distance. It was mess time and
the "Yellow Hammer" didn't have to
be coaxed to eat with a company of
the Blue and Gray.

Soup, roast beef, mashed potatoes,
vegetables, coffee and rice pudding dis-
appeared before the veteran's assault.
He didn't have the heart to tell the
boys of 1918 what he thought of the
soldier meal until it was ended.

Too full for lengthy expression,
Snow remarked: "And us fellows used
to think we were kings when we had
bread pudding once a week."

KEEPS MEN CONTENTED

Canteen Service of Red Cross
Has Good Influence.

Soldiers Are Given the Home Touches
and Little Attentions That Mother
Understands.

Washington.—Canteen service as
provided by the American Red Cross
for our soldiers in France is one of the
most potent influences for keeping the
men contented and in the right frame
of mind to smash the Germans, says
Mrs. Jean Hull, who is in this country
on two months' leave.

"A canteen is a long shack where
the soldiers are served coffee, sand-
wiches and more substantial food, as
well as sweets. Here a soldier may
get his clothes mended, may have
them cleaned after the filth of the
trenches, and if he is homesick may
pour out his heart to one of the Ameri-
can women in charge."

In other words, the canteen fur-
nishes that homelike touch which
means so much to a man three or four
thousand miles from his family and
friends.

Mothers with boys in France or in
training to go to France will be made
happy in knowing that such care is
given to their sons by the Red Cross.
The American women who have volun-
teered to run the canteens are among
the nation's most cultivated women.
They are enduring conditions which
are in marked contrast with the sur-
roundings of their own homes.

"Lots of times an American soldier
will come into the canteen," said Mrs.
Hull, "with a spell of the blues. He
has been out in the mud, is tired and
hungry, and most of all wants sym-
pathy. When he sees us women cheer-
fully washing in a mud puddle, sleep-
ing in cold rooms and working long
hours on a stretch, he gets ashamed
of his feelings and braces up. They
are mighty glad to see a woman from
home and find our reading room, music
and chatter most alluring. We have
to run them out at times, they are so
eager to stay even after regular
hours."

SERVICE BELT

You girls who have been left behind,
aren't you proud of your sweethearts,
your brothers and relatives who are
engaged in fighting for their country
and yours? Have you taken any pains
to let the world know your feelings?
It inspires others if they know that
their friends are doing something and
they are not. If you proclaim to the
people that your dearest are fighting,
it will arouse the spark of patriotism
that is in every breast. One of the
most novel methods of showing how
proud you are of the boys is to wear
the service belt, as shown in this pho-
tograph. Four stars decorate her belt,
for a brother, relatives and a sweet-
heart.

Messenger Girls Capable.

Denver, Colo.—Scores of war girl
messengers on bicycles have appeared
here. They are showing considerable
speed and are covering just as much
ground as the boys. It is expected that
when the messenger boy of today is
old enough to enlist plenty of girls will
be found to fill the vacancies.

Mrs. Alberta Currie of North Cohasset has been elected a member of the executive committee of the senior class of the College of Liberal Arts of Boston University.

Mr. Joel Beau of Kennerly and Brockton recently appeared before a legislative committee on banks and banking at the State House to speak in favor of the three bills designed to require savings banks and the savings departments of trust companies to invest more of their deposits in first mortgages of real estate. Mr. Beau said that the bills were designed to provide for more equitable treatment of the small borrower by the banks. The ordinary man, he said, cannot get money to build a small home because the savings banks, originally established to meet the needs of such individuals, now find more lucrative investments elsewhere.

Haster Bros. have established a cash store in accordance with a movement among grocers generally, looking toward a just and equitable treatment of all, the grocer, the customer, and the wholesale dealer. It has been found by Haster Bros. and others that they can do more for their customers in value if the business is put strictly upon a cash basis. The wholesalers are demanding cash and the retailers are obliged to pay cash, therefore it becomes imperative that the customers pay cash. By doing business in this way the retailer is enabled to give the full value of the customer's money in goods. Beginning March 1st when the cash and carry (see adv) regime goes into effect goods will be sold by this liable firm as cheap and cheaper in some instances than at the so-called cooperative and chain stores.

N. B. H. Whist Club met at the home of Mrs. James Joyce. The first prize was secured by Mrs. Blaisdell and was a picture frame. The second, carried off by Mrs. Campbell, was salt and pepper shakers and mustard jar. Fruit salad, cake and coffee were served and everybody had a good time.

Miss Josephine Reynolds has been ill with la grippe at the home of her sister, Mrs. Cummings, but is now better, we are glad to be able to state.

A fire in the chimney of Mr. John Labell's house on Tuesday evening called out the fire department. The wind was blowing a gale and only prompt action prevented serious trouble.

Laurence Smith, who enlisted in the Canadian Army was honorably discharged and came home to enlist in the U. S. A. Coast Artillery.

Mr. N. J. Gray is very much better and expects to be able to vote on March meeting day.

Mr. and Mrs. Lawrence, who were recommended to Mrs. Sirovich by Mrs. John Joyce as good people to clean house proved all that was expected. They are honest, capable and willing.

Mr. John Sweeney of the Cleveland House got interested in the patriotic and charitable activities of his wife and circulated a paper among his friends in aid of the Guild of St. Elizabeth. The generous response amounted to \$52.00 which was presented to Mrs. John Morton, secretary of the Guild, on Tuesday evening, by Mrs. Sweeney, and graciously accepted by Mrs. Morton in trust for the president, Rev. Andrew J. O'Brien. The ladies of the Guild voted to empower the secretary to send a letter of thanks to Mr. Sweeney and his friends.

Miss Lillian Smith, daughter of Selectman John Smith, has just returned from a visit to New York, where she had entries in the dog show. It is said

that one of her prize dogs took first prize in its class. Miss Smith has some very valuable dogs.

More and more people are beginning to realize that subscription to home paper is the best present to give the boys going to war. Subscribe for the Hull East Wind and thus send the boys a newsy home letter each week.

Attention is called to the town notices, town warrant and seal of weights and measures notice in this week.

Mrs. Robert Kelly entertained the Guild of St. Elizabeth at her home on Tuesday evening. There was a goodly number in attendance and plans were discussed for future entertainments and suppers. Mrs. Morton read the reports of previous meetings. It was voted on motion of Miss Gertrude Aherne that the monthly dues be fixed at 25 cents and that all members be required to pay them. The fire of persiflage, cannon-flashed as argument, kept up between Mrs. Mary Shaw and Miss Anne Canary furnished entertainment throughout the evening. The next meeting will be held in Armstrong Hall Tuesday evening. Refreshments, coffee and delicious cake, were served.

Mrs. Joseph Kerr gave a very pretty whist and dance to a large party of her friends on Friday evening of last week. Prizes for whist were awarded to Mrs. James Gazette, a patagonian leather bag, to Miss Alexander Salin, a picture, and the consolation, an apple pin cushion to Mrs. Richardson of North Cohasset. The prizes to the gentlemen were a tobacco jar to Mr. Victor Johnson, and a necktie to Mr. Robert Bryant. Mr. Eugene Stevens captured the consolation which was a glass knife, appropriate (?) for cutting meat. We rise to remark that the meat "Gene" cuts is so tender that he only needs a glass knife.

After a collation of delicious sandwiches, cake, pie and coffee the guests danced until the wee sma' hours. Mr. Tony Porazzo and Mr. John Erskine played for the dancing. The singing of Mr. Porazzo and his little boy and Mr. Erskine was much enjoyed as was also their playing. All the old fashioned dances, waltz, polka, quadrille, Virginia reel and such were given and a delightful old fashioned neighborhood party.

HULLONIANS' HAPPY HOURS

A letter from Mrs. E. G. Knight from her new home at East Jeffry was most gladly received and I share it with her many friends here. Mrs. Knight writes that they have been very comfortable and that there has been no shortage of fuel. Mr. and Mrs. Knight are both as well as when they left here. Harold, their grandson, has completed the chemistry course at Bowdoin College and has taken a position in the chemical department of the Du Pont munitions works at Wilmington, Del.

Mr. and Mrs. John R. Wheeler have returned home. Mrs. Wheeler spent some time as the guest of her son and wife, Mr. and Mrs. Paul Cullinan. Granddaughter Mildred comes in for a lot of attention.

The boys of the hospital corps had a pleasant time on Thursday evening, of which a picture show was a special feature.

Thursday night there was a very enthusiastic rally held in the interest of the candidacy of John L. Mitchell for selectman.

Mr. Frank J. Hoyt, a prominent business man of Hull and Dorchester, has two sons that are now in the service of Uncle Sam. Both are accomplished musicians. The oldest son, Frank G., is connected with the Eighth Massachusetts Infantry Band, now stationed at Camp Greene, N. C. The other son, Harold C., is with the band at Camp Devens. They expect to go across soon.

The so-called ragtime dances which are so popular with the young people afford an opportunity for them to pass the hours in healthful exercise. Mrs. Johns and Miss Doris Mitchell have been managers. The F. F. F. orchestra furnished music.

Some new books for the library have been purchased by Mrs. Carrie Mitchell and Mrs. Isadore Vogel.

"The Big Drive" in the series of Mit-

chell rallies will take place on Saturday evening.

Selectman James Jeffry, Town Treasurer, Messrs. N. W. Wanger and Andrew F. Pope went to Whitman on Monday to take part in a sendoff for the two boys from here, Messrs. Cohen and Mullen, who went to Camp Devens. Mr. Nickerson and Mr. Wanger made speeches and the Special Aid Society gave an outfit to each young man.

The summer people will find this paper invaluable to them in keeping track of what happens in this town in every circle.

Mr. George F. James has located his law office at 68 Devonshire street, Rooms 906-919, Newport building.

It has been reported that Lieut. (Dr.) Sturges has been promoted and that his title is now captain. We are sure that he deserves it and extend congratulations.

The orchestra at the rally at Wave-laud recently was composed of all home talent and played well. This fact is worthy of mention.

Mrs. Andrew F. Pope is entertaining her mother, Mrs. Grosvenor of Hingham. Mrs. Grosvenor has a beautiful hand embroidered scarf which was sent her from Paris by her son Amasa who is with the U. S. A. P. Mrs. Pope says "over there" Amasa writes wonderfully bright and cheerful letters and signs himself "Your well and fortunate son." That shows a fine spirit.

Mrs. N. W. Wanger and Mrs. John Bryant gave a very pretty and successful peanut whist party on Monday evening at the latter's home in aid of the S. A. S. A. P. Mrs. Bryant's pretty home was filled to its utmost capacity by people from every section of the town. The prizes were many and beautiful. After the whist an auction of home made preserves and jellies netting a goodly sum. The total receipts were \$17.20. Coffee and cake were daintily served. The ladies deserve great credit. It was a very pleasant affair. The names of the prize winners will be given next week.

Owing to the fact that the last occupant of my house at 14 Highland avenue moved out leaving it in a dirty condition, I have been working to get it made presentable for occupancy by Mrs. P. C. Neal. I have also been suffering with a broken nose and could not give the regular time to news gathering this week.

Mrs. Lord will visit her house at Windermer Wednesday, Feb. 27. The Lord Lend a Hand Club, of which she is Sec., are sending things by Mrs. Lord to the boys at Fort Revere. Also they sent her a letter from three weeks ago.

For the information of those who may not know, I wish to state that there are at present eleven boys from Hull, all of whom are volunteers, in France. The parents of those boys have only been living in Hull twenty-five years.

Signed "A Soldier's Mother."

SCITUATE'S HAPPY SHOTS

Someone Bros. of Cohasset have obtained a permit from the selectmen acting after conference with the fuel and administrators, and they are able to announce the reopening of their picture shows in the Town Hall. Saturday evening, March 2, they will feature Alice Brady in "A Self Made Widow." There will be other attractions.

Mr. and Mrs. Arthur Sampson have moved to Cohasset as Mr. Sampson can get back and forth easier to his place of business.

Many of the ladies holding office in Arletta M. Stetson Lodge are residents of this town.

The wise man takes no chances and buys his Ford car now at South Shore Garage, Inc., Cohasset.

On Friday evening, Feb. 22, the crew at the North Scituate coast guard station tendered farewell party to Surferman Thomas Cassidy and Henry James, who have been recalled to their home station at Two Rivers, Wis., after serving at Minot's since January.

A musical program, in which violin selections by Mr. Cassidy and Mr. Joseph Jenkins figured prominently, was followed by refreshments, consisting of ice cream and cake. The boys requisitioned the entire available supply of ice cream in Scituate Harbor.

A social evening was then enjoyed and games were played, furnishing the life-savers an unusual and welcome diversion from their strenuous duties. The werrag-makers continued until after midnight.

The gathering numbered several of the most popular members of the younger set. Among those present were Fred Berry, Mr. and Mrs. Edward Brent, Estella Pitts, Captain Frazier, Ellen Davies, Joseph Jenkins, Francis Murphy, Joseph Murphy, Leo Murphy, Mrs. Robert Murphy, Mrs. Murphy, Elsie Noonan, Jennie Perry, Doris Seannell, Florence Seannell, Marion Vickery, Mary Webb, Arthur Young and Perry Young.

Following their return to the lake station, Mr. Cassidy and Mr. James expect to be sent by rail to "big boat," a non-captaining lifeboat of the most modern type, down the Mississippi valley to perform relief work in the flooded district.

During the time which they were at Minot the western boys made many friends who will greatly regret their departure.

REBEKAH LODGE

Arletta M. Stetson Rebekah Lodge has received a special dispensation from the Grand Lodge permitting the lodge meetings to be held on the first and third Thursday of each month at 4:30 o'clock in the afternoon.

The first afternoon meeting has been held and every one seemed to like it. The new officers have taken hold with a will and did remarkably well. A successful and pleasant year is looked forward to by all.

Mr. Frank Salvador's nephew, mentioned in our last issue as being wounded in France, is named Frank Sharbes of San Jose, Cal.

Candidates for various town offices are Mr. Arthur Mulvey in opposition to Mr. Herbert L. Brown selectman. Mr. Paul Bates will run for Tax Collector against Mr. Newcomb B. Tower, who holds that office. Dr. David Souther for Road Commissioner against Mr. Geo. Jason, Sr. For School Committee, Mr. Walter Shuebruk will run to fill vacancy caused by the departure into the army of Lt. Sheldon Ripley. Mr. Geo. Jason, Jr. will run for another term without opposition. Board of Health, Dr. Frederick Hinchliffe and Mr. Fred Reed are to try for the position of a place on the Board. A new committee of seven members, called the Finance Committee, is to be instituted or elected into the town offices at Town Meeting, which will take place on Mondays, 4 to 11. An interesting address was given by Dr. Merriol E. Champlin, State District Health Officer. Topic, Child Hygiene (illustrated) on last Monday evening, Feb. 25th, at the Osgood School Hall under the auspices of the Parent-Teacher Assn.

Next Sunday is the last Sunday for the winter in which union services of the Unitarian, Congregational and Episcopal churches will be held, after which each congregation will hold services in its own church.

The Misses Mildred and Dorothy Thayer entertained their friends on Friday, Feb. 22, by a party.

Mr. James Henry and daughter, both of whom have been quite ill, are on the morning list again.

Mr. Chas. D. Kepner of Newtonville was the speaker at the Missionary meeting of the Benevolent Union held at Mrs. Oliver Howe's last Thursday afternoon, Feb. 21st, and was warmly welcomed by her many friends here.

The following "Ren Men" will go to Plymouth on Thursday evening of this week to an installation. Messrs. Harold Brown, Ray Souther, Geo. Jason, Sr., Alfred Antoine, Ronald Osgood, Fred Blossom, Harry Winters and Fred Grasse.

The funeral of Mrs. Ann Louisa Burdick took place last Thursday afternoon from the residence of Mrs. Lynn D. Wilcott at 2 o'clock. Rev. Wm. Cole, Unitarian pastor, officiating. Interment will be at Central Cemetery. One son, Mr. Wm. Burdick, of this town, survives her.

It is said that two men living Cove and had been especially successful in getting big sea clams. This has been an almost impossible winter for clamming and those who are fond of these succulent bivalves will welcome the breaking up of the thick ice which has obscured the clam's dwellings so long. Since Mr. Nat Prouty gave up clamming and went to Norway to live, good clams have been as scarce with some of Mr. Prouty's former customers as coal nuggets and someone who would dig enough to sell a few occasionally would fill a long felt need in the minds of those who are fond of this sea food, than which there is nothing any healthier.

Mrs. Geo. Eunice is out again after her illness.

Several women in town are working in Hingham in the factory on Elm street, where soldiers' pants and clothes are made.

Moving pictures will open again at the Town Hall, Saturday, March 2, at 8 o'clock. Alice Brady in "Self Made Widow" will be the attraction.

The George Washington Birthday Supper and Entertainment given by the Ladies' Benevolent Union was a great success. The hostesses were dressed in Colonial Costumes. The play, "The Pea-body Pew," was very entertaining and those who participated were Miss Helen Miller, Mrs. John Miller, Mrs. Sargent Tower, Mrs. Milton Kerr, Miss Theo. Wilson, Miss June Simmons, Mrs. Philip Towle, Mr. Philip Towle and Mrs. Clifford Gammons.

Mrs. C. E. Hamilton of Allston is the guest of Mrs. Nudd.

On account of the danger of the force of the ice causing the Humane Society Power Life Boat to perhaps drag from her moorings and go to sea with the ice, which is breaking up in the harbor, Capt. Frank Salvador, with Mr. Manuel Salvador and others got her from her perilous position and brought her in safely to the Club House wharf on Tuesday of this week.

Mr. Thompson and family will occupy Mr. Joseph Hutchinson's home after March 1st on Border street.

A Pedlar's Parade was held at Beechwood Church Vestry last Friday evening, Feb. 22nd.

Mr. Harry Winters will start to erect a fine new residence for his family next. Edgar Pratt's as soon as weather conditions will permit.

The C. C.'s uncle, Dr. N. V. Hutchinson, visited his sister, Mrs. S. F. Trent, recently. Although a veteran of the Civil War Dr. Hutchinson is still able to get about pretty spryly. He is proud of his war record and that of his comrades of the 7th Mass. Regt. and well he may be, for this Mass. Regt. served from '61 to the summer of '64, three years of the most arduous service throughout the entire term, for they were in the Peninsula Campaign under McClellan at Antietam, Fredericksburg, 1st and 2nd Battles, Chancellorsville, Gettysburg, Rappahannock Station, Mine Run, Wilderness, Spotsylvania, North Anna River and Cold Harbor. At the last battle of Fredericksburg the 7th was the first to storm Mary's Heights and plant their

colors at the top. Dr. Hutchinson was wounded in this battle, which put him into the Hospital for several months, thereby he missed Gettysburg. The forced marches the Regiment made to reinforce Meade at that Battle (Gettysburg) are enough to thrill the heart with pity, for those brave men even in this late date marching from 10 to 20 odd miles a day from June 14 to July 2nd, when they marched all night and all the day of the 2nd till 4 o'clock p. m. and making 37 miles in the hot, sultry weather of that season, but Lee and Meade were to grapple at Gettysburg and the 7th Mass. must be there.

Dr. Hutchinson was chosen to write and compile the History of the 7th and a copy of this History is one of the precious treasures of the C. C. War Library.

A few elderly people have been added this winter to the list of the Cohasset Home, inmates who are glad to avail themselves of this splendid home for our feeble who cannot care for themselves.

Earle Higgins and others from Bumpkin Island were unable to come home on the four days' leave granted them the latter part of last week. The steamer which tried to make the island lost her propeller, the ice was unsafe to cross, consequently the men were obliged to remain on the island.

Ensign John Black of the U. S. S. Seattle was in town last week.

Yeoman Warren Stephens of U. S. S. Pocahontas was home on a brief visit to his parents last Thursday, going away again Saturday night. Mr. and Mrs. Stephens have heard recently from their son Robert of the Cruiser Des Moines. Private Mack, an American who was in a London regiment, lectured at the Unitarian Church on Tuesday evening on "My Experiences on the Western Front."

Mr. Clifford Studley was given a surprise party on his 21st birthday last Saturday night by 26 of his friends and relatives. Mr. Studley, who is the son of Mr. and Mrs. Arthur Studley of Cohasset was the recipient of many presents on this celebration of his Freedom Birthday.

As usual there will be a shortage of Ford cars in the spring. Last call now for order from your dealer—South Shore Garage, Inc.

SUCCESSFUL DANCE FOR S. A. S. A. P.

The dance given by the men of the Weymouth Station in aid of the S. A. S. A. P. last Wednesday evening in the Town Hall in the village was pleasant and from a financial standpoint a success. The Broadmead Orchestra, a favorite in Hull, furnished music. A committee of ladies, with Mrs. John G. Stark as chairman, sold coffee and cake. There were a large number of soldiers present and it was a strange sight to see so many in uniform in our quiet little village. A feature that gave pleasure to many was the dancing of one of the soldier boys, Private Parker of Fort Revere, who gave an exhibition of step dancing. The treasurer has not announced the exact sum realized, but it will be published next week.

OPEN LETTER

Office of Enrollment Agent,
U. S. Public Service Reserve,
Boston, Mass.
February 8, 1918.

Dear Sir:—
If you were on the third floor of a burning building, with a stairway cut off by the flames, what would you think of the folks on the ground who refused to help put a ladder up to save you?
And you would have a right to think just THAT, no matter how harsh it might be.
But what do you think the soldiers over in the trenches think of the men back here in America who refuse to help THEM? What would YOU think if YOU were Over There and learned that YOU could get no more food and no more ammunition because the men you had left safely at home had refused to help build ships?
Do you realize that every new ship that SHIPS are needed more than anything else? Do you know that unless SHIPS are built FASTER by the United States, the defeat of Germany—and it must be defeated before America can be safe—will be made difficult.
Do you wish to allow a monster nation like Germany to do to YOU what that nation did to Belgium and France?
Are YOU willing to have YOUR home burned, YOUR wife and daughters mutilated or murdered before YOUR eyes, YOUR children killed and tossed into flames, if YOU whole neighborhood wiped out, and YOURSELF SHOT?
Two hundred and fifty thousand skilled mechanics, riveters, boiler-makers, blacksmiths, carpenters, woodworkers, caulkers, bridge-builders, millwrights, are needed in the new reserve army which will be called upon by the shipyards as men are needed.
YOU are asked to volunteer in that army. Unlike the soldiers in the camps, YOU will receive the highest wages, and your personal freedom will not be interfered with.
And you will have the satisfaction of knowing that in helping to build ships you are doing patriotic work whose value to your country and to the cause of democracy cannot be measured.
Please fill out the enrollment blanks today.
Very truly yours,
U. S. PUBLIC SERVICE RESERVE.
Enrollment Agent,

PRICE OF FORD CARS ADVANCES
The South Shore Garage has been trying to impress upon the public that the price of Ford cars was to advance, and now it is too late for the old prices. You will notice that the new price list is given in the advertising of that company. It pays to take notice of the advertising of such a firm as this. Business men are not making printing bills to tell the public something that is not true. They are not spending money to tell the public something just for the sake of rushing into print, and it will pay the public to read and heed.

After a long and beautiful life Mrs. Frances T. Harlow passed away at her home Sunday, Feb. 24. She was always very active in all good work. Attended the First Congregational Church and was a member of the W. C. T. U. She was always ready to lend aid to the distressed and needy. She was born in South Scituate in 1838, but has lived in Marshfield about 50 years. She was a friend to every one and a fine example of beautiful womanhood. She leaves one son, his wife and two grandchildren, who will continue to reside in the home. The services were at her home Wednesday afternoon. The remains were carried to Norway.

Miss Elora Harlow, daughter of Mr. and Mrs. Frank Harlow, has been very ill with pneumonia.

It is reported six more boys have taken examinations in the draft.

Mrs. Henry T. Damon presented her husband with twins last Sunday morning both are girls.

Miss Minnie Davis passed away suddenly last week. She had lived for several years at Marshfield Hills.

Mr. Clifton Darling was obliged to have a piece of his finger on his right hand amputated as a result of getting a splinter into the finger some weeks ago.

Mr. Charles Darling, an old resident of the town, passed away last Saturday. He leaves a widow, two sons and one daughter. Mr. Darling was an old soldier, having served 3 years in the civil war.

Mrs. Melvina Kemp passed away at her home Saturday, Feb. 23. She was born in Marshfield and has always lived here. She leaves a husband, one daughter and one son.

Mr. George Fortu spent the week-end in Boston. Mr. George Fortu has returned from his visit to New Hampshire.

The next W. C. T. U. meeting is at the home of Miss Martha Moury.

The next S. of Y. auxiliary will meet with Mrs. Susie Porter.

Mrs. Mary A. Shortwell has returned from her visit to Somerville.

Miss Edna Reed in Duxbury.

Frank Ewell, formerly of Marshfield, has been quite ill. Mrs. Miriam Ewell spent the day with him last Monday.

There will be a temperance service in the chapel Sunday under the direction of Mrs. Ewell.

Ford cars will be at a premium in the spring. Pace your order now through the South Shore Garage, Inc., Cohasset.

CASTLE SQUARE

A group of well-known picture stars will appear on the Castle Square screen. Bessie Barriscale, favorite of movie fans, will open the week with a brilliant picture mingling comedy and sensation entitled "Within the Cup." Also on the program is the first half of the week will be the popular Taylor Holmes in his latest comedy picture "Uneasy Money," in which that lively comedian has some of his most amusing moments. For the first half of the week, the feature picture will be Sessue Hayakawa, in "Hidden Power." The beautiful new tenor, Barbara Castleton in "Parentage."

Every day through the week the Castle Square Players will appear in another of their musical reviews, including songs and dances, and there will be a travelogue, the Hearst-Pa the news, and a number of shorter pictures. The beautiful new tenor room is proving one of the most popular attractions of the Castle Square Theatre.

SIMEONE BROS.

Simeone Bros. of Cohasset announce that a permit has been secured and that they will reopen the motion pictures at the Town Hall, Cohasset, on March 3, featuring Alice Brady in "A Self Made Widow." A permit has also been obtained for the next Saturday, March 9, and notice of the artists and title of the picture will be given next week.

A BRIEF SUMMARY OF ANNUAL REPORT

The sale of new stock offered by the New England Telephone & Telegraph Company last summer sufficed not only to finance its entire construction program for 1917, but so far as can now be foreseen furnished funds to meet all requirements until well into the year 1919. This fact is outlined in the annual report of the Company for the year 1917. The report also intimates that the amount of plant construction for 1918 will be considerably less than that for 1917.

The extraordinary construction program begun in 1916 and caused by the business boom of that year, continued well into 1917. During last year the net increase of plant by new construction was more than \$7,800,000, which now gives the Company a reasonable margin of spare plant, and makes unnecessary further abnormal increases. This margin, together with a prospect of less rapid increase in business, makes it appear certain that the requirements for new construction during 1918 will be far smaller than for the last two years. This, the report goes on to say, is especially advantageous when consideration is given to the fact that private and quasi-private requirements must, of necessity, give way to the unavoidable demands of the government for all the elements, both human and material, that enter into the Company's work.

The report recites that over 60 switchboards have been installed at army posts, navy yards, mobilization and training camps, the largest installation being at Camp Devens, Ayer, which has about 600 telephones.

It also points with pride to the fact that up to the close of the year, 792 of the Company's employees have, through enlistment or draft, entered the military or naval service, and that the employee force has subscribed to over \$1,000,000 worth of Liberty Bonds. Eight percent of the entire payroll of the Company is being applied to the purchase of Liberty Bonds, under the weekly or monthly forms of payment permitted by the Company.

The report is signed for the board of Directors by Matt B. Jones, first vice-president; President Spalding having been appointed a lieutenant colonel in the regular army, and is now in France, assigned to duty in the Aviation Department of the Signal Corps.

The report shows an increase of 41,208 telephones owned by the Company

What Can We Do?

Knitted articles in either gray or khaki colored yarn are acceptable to the Red Cross for use in the army. Yarn and knitting needles may be procured either from Red Cross chapters or from stores, provided the yarn is of the same grade and needles of the same size as those described in this circular.

The needles referred to in these directions are standardized Red Cross needles. Their diameter is given opposite their respective number.

Knitting Needles No. 1—135-1,000 inches.

Knitting Needles No. 2—175-1,000 inches.

Knitting Needles No. 3—200-1,000 inches.

General Directions.

Stitches should not be cast on too tightly.

Knitting should be done evenly and firmly and all holes should be avoided.

Joining should be done by splicing or by leaving two or three inches at each end of the yarn to be darned in carefully.

All knots, ridges or lumps should be most carefully avoided, especially in socks, as they are apt to blister the feet.

Sleeveless Sweater.

Two and one-half hanks of yarn

($\frac{1}{2}$ pounds); one pair Red Cross needles No. 3.

Cast on 80 stitches. Knit 2, purl 2 stitches for 4 inches. Knit plain until the sweater measures 25 inches. Knit 28 stitches, bind off 24 stitches for neck, loose. Knit 28 stitches. Knit 7 ridges on each shoulder, cast on 24 stitches. Knit plain for 21 inches. Purl 2, knit 2 stitches for 4 inches. Sew up sides, leaving 9 inches for armholes. Two rows single crochet around neck and 1 row single crochet around the armholes.

Wristlets No. 1.

One-half hank of yarn ($\frac{1}{4}$ pound); 1 pair Red Cross needles No. 2.

Cast on 48 stitches, knit 2 and purl 2 for 12 inches, and sew up leaving 2 inches open space for thumb 2 inches from the edge.

Wristlets No. 2.

One-half hank of yarn ($\frac{1}{4}$ pound); 4 Red Cross needles No. 1.

Cast on 52 stitches on 3 needles: 16-16-20. Knit 2, purl 2 for 8 inches. To make opening for thumb, knit 2, purl 2 to end of third needle, turn; knit and purl back to end of first needle, always slipping first stitch; turn. Continue knitting back and forth for 2 inches. From this point continue as at first for 4 inches for the hand. Bind off loosely and buttonhole thumb opening.

Pre-Easter Parade of New Blouses.

White, blue, flesh, mulge, beige, tea and rose—these are some of the colors in new georgette crepe waists that appear in the gay troop of spring styles, passing in review before Easter. Along with them are dainty organdie blouses in white or light colors or combinations of white and a color, and dark colored blouses of crepe or silk that lend dignity to the company. There are few innovations in style. Sleeves continue to be long and necks open in a "V" at the front with much graceful management of collars.

But the high-necked blouse is to be reported as represented in all the showings of new models, along with many that are not high. It is to have a place of honor even if it cannot hope for as great popularity as blouses with open throats or round necks. These are cooler and more comfortable, also more practical, but the high-necked blouse has much distinction and is suited to certain styles and types that do not wear the open throat with equal success.

A slip-over blouse of georgette crepe is shown in the picture with Chinese collar and a smart sleeve. The collar at the back is widened into a narrow sailor effect. Sleeves are cut in kimono style and the blouse fastens at each side with small buttons and button holes. What looks like hand embroidery in colored silk floss, appears

as an embellishment of the front, but it is really done on a machine built for this kind of work.

The sleeves are widened by a puff set in at the elbow and this is gathered into a deep plain cuff that fastens with small buttons like those on the front of the blouse. The buttons are extended along the back of the puff. Blouses cut in one with their sleeves, kimono fashion, are becoming only to slender figures. A popular set-in sleeve for this season is full from arm's eye to cuff and is gathered into a deep close-fitting cuff that buttons in the same manner as shown in the picture. Blouses of white georgette, with collars and cuffs of colored, printed foulard are among the novelties for spring and blouses of fine, white voile with convertible collars of colored gingham and cuffs to match, suggest something new and attractive for the thrifty woman who makes many of her own waists at home.

Julia Bottomley

Embroidery Trimmings.

Chinese embroidery constitute an unusual bit of interesting trimming.

Spring Styles.

The silhouette for spring? It is straight with the fullness in front.

POISON GAS NOW PURIFIES WATER

British Scientists Have Found
a Way to Use Chlorine
Product.

SAVES THOUSANDS OF LIVES

Water-Borne Disease Practically Ban-
ished From Western Front—Medi-
cal Corps Keeps Close Sur-
veillance Over Food Fur-
nished Troops.

London.—Chlorine gas, which the
Germans brought into the field of bat-
tle as a means of poisoning the op-
ponents, is now largely used for puri-
fying the water supply of the British
army. That is one of the strange an-
titheses of this war. Socrates in pris-
on, noting the pleasure which he had
when the fetters were taken off his
legs, speculated as to how pain and
pleasure, though opposite, were so
closely linked that the one seemed al-
ways to follow on the heels of the other.
In the same way what is poison-
ous in one use is a means of whole-
some in another, and divine providence
turns even to good what wicked
men designed for evil. The Germans
rarely get a chance to kill anyone
with chlorine gas now, but chlorine gas
is daily in the British lines making
water wholesome and safe.

Saves Thousands of Lives.
The effort to secure pure water for
the British armies in the field makes
one of the fine stories of the war.
It has saved very many thousands of
lives by practically banishing water-
borne disease from our principal front.
At the outset of the war the British
Royal Army Medical Corps declared in
its mind all water supplies to be sus-
pect. They were held guilty of infec-
tion until they were proved to be in-
nocent. A "fool proof" system of mak-
ing unwholesome water safe by chlori-
nation was designed. Then all that
remained to be done was to provide
the machinery and chemicals and to
safeguard against carelessness. The
first was a matter of supplies, the
second of discipline. Both were equal
to the demand made upon them, and
on every front now the general rule
is that the men are drinking safe wa-
ter.

Chloride of lime was at first the
standby for water purification. It is
efficient, but water chlorinated with
it is not very nice. Now chlorine gas
has taken its place at big water sup-
ply points. It is just as efficient and
it does not taste the water to the same
extent. A simple test, in which a non-
commissioned officer of every unit is
trained, tells how much chlorination
water will need to make it safe. If
very heavy chlorination is needed, the
water after treatment can be dechlori-
nated and is left pure. The unit's wa-
ter cart with its trained sanitary or-
derly has all the means of making wa-
ter wholesome. But the system is fol-
lowed where possible of purifying a
main supply and issuing from that. In
case of small isolated bodies of men
means of water purification are provid-
ed in the shape of tablets of acid sul-
phate of soda. All the old troublesome
water purifying schemes, such as can-
dle-filters, which used to be constantly
breaking down, have been scrapped.

**THRIFT STAMPS WORN AS
BEAUTY SPOTS BY GIRLS**
Seattle, Wash.—Thrifty stamps
as beauty spots are popular with
Seattle girls. Unlike other
beauty spots thrift stamps are
not faded and draw interest all
the time.
Miss Eva Henderson is the
first Seattle girl to start the fad
here. She generally wears her
thrifty stamp pasted at an angle
on her forehead. Beauty spots
come under the general head of
"cosmetics," and Uncle Sam
collects a tax of 50 per cent on
cosmetics. But the thrifty stamp
even as a beauty spot cannot be
taxed.

SEND CRACK AIRMAN

Adjutant Soulier to Demonstrate
Morane Plane.

French Aviator Selected by War De-
partment Officials to Come Here
as Instructor.

Paris.—Adjutant Soulier of the
French army, who shot down seven
German airplanes in the shortest space
of time of any aviator, has been se-
lected by the undersecretary of avi-
ation to go to the United States to de-
monstrate the newest and fastest flying
machine in the world—the Morane
monoplane.

Robert Morane of the Morane-Sou-
lier works, who has created this de-
velopment of his "parasol" type, origi-
nally intended to send as demonstrator
Soubuteau Jean Navarre, who was
killed with Guyonnet, each having 12
German machines to his credit, in the
spring of 1916, when he was wounded,
and who has since been declared in-

Water precaution now is simple as well
as effective.

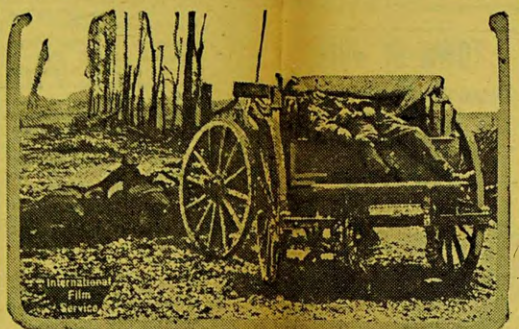

Food is as carefully looked after by
the British Royal Army Medical Corps
as water. Food has to be not only
pure but appetizing and scientific. If
the food is not pure it causes sickness.
If it is not appetizing it causes dis-
content. If it is not scientific, has not
its proper proportion of proteins and
fats and carbohydrates, it does not
keep up the strength of the fighting
men.

Has Scientific Basis.
Probably Thomas Atkins has no
suspicion that the very generous ration
he enjoys has a scientific basis
carefully calculated in calories; that
there is a distinct change made in his
summer and his winter ration, and
that scientists look up isothermal ta-
bles and so on when he goes to a fight-
ing area to decide what his food should
be. But that is so. There are sum-

mer food scales. There is a ration for
the French front and another for the
Italian front and another for Salonica.
Yet another for Mesopotamia and an-
other for southwestern Africa. Some
people are accustomed to talk as
though the Germans had all the sci-
ence and were the only people who
took the food chemist into council.
The truth is that the British have at
much science but a good deal more hu-
maneness, and part of the humaneness
is to keep the scientific calculations
in the background.

In regard to cooking, the Royal Army
Medical Corps confess to an inferiority
in British skill. As compared with
the French, we are a nation of bad
cooks. The most strenuous efforts are
being made, and have been made for a
long time, to raise the standard of
army cooking. It is very much better
now than at the start of the war, but
it still will not stand well in compari-
son with the general French skill in
combining economy with savory results.
But the cooking is better and will yet
be better; and when the British army
come marching home it will have the
knowledge to raise greatly the stand-
ard of domestic comfort in Great Brit-
ain. Thus again, pleasure will follow
pain and the evils of war bring good
in their train.

THE GRIM HARVEST OF WAR

FISHERWOMEN ARE HEROINES IN WAR

BRAVE DEEDS OF CIVILIANS

Telephone Operators Get Medals for
Heroism Displayed While Plants
Are Destroyed—Stick to Posts
Amid Bursting Bombs.

London.—Heroism in civil life has
come to be almost commonplace in an
empire torn by the bitter world strug-
gle, but shining instances are noted
by the government and reward given.
Nearly 400 medals for self-sacrifice in
time of danger have just been dis-
tributed in England. As many wom-
en as men appear on the lists. Many
of them are telephone girls, who have
earned the admiration of all London
by their fearlessness in sticking to
their posts in the face of imminent
danger from exploding bombs hurled
from German Zeppelins and airplanes.
Some of those who are now wearing
medals are Lilian Ada Bostock, Flo-
rence Steggel, Mabel Eleanor Clarke,
Florence Marie Cross, Ethel E. Hickey
and Bertha Florence Ester. These girls
have been pictured in the illustrated
papers of London and have received
gifts from citizens. They are of the
same type as the New York telephone
girls. They are ready to do their
work no matter how many bombs are
falling about them.

New Grace Darling.
And Great Britain has a new Grace
Darling upon whom to shower its hon-
ors. Ella Trout has gained the new
distinction. She has a medal from the
government and no one begrudges her
one bit of her honor. She is a fish-
erwoman. She rowed into the vortex
of a sinking ship which just had been

torpedoed and rescued a sailor who
was clinging to a lifeboat. A subma-
rine was in the immediate vicinity and
already had shelled other lifeboats.
The woman was a mile away, accom-
panied only by a ten-year-old boy.
She rowed straight for one boat filled
with sailors, which was shattered and
sank as she drew near it, and when
there was none left there to be saved,
changed her course and picked up a
sailor in another boat. She now is
one of the national heroines. She
still is a fisherwoman.

Frederick Hingham, a special constable,
has received a medal. He swam
to an airship that had fallen into the
sea and brought two airmen ashore.
Doris Hirst, another telephone oper-
ator, has reason to be proud. She has
received a medal. She works in a mu-
nitions factory. She remained at her
post, summoning aid and performing
other invaluable service while the fac-
tory was virtually destroyed around
her. The police had advised everyone
to leave, but she refused until she had
put through certain calls which she
believed were necessary for the safety
of the neighboring buildings.

POLL TAXES FOR WAR WORK

Salvation Army Will Collect Refund
at Wichita for Use of Troops
Abroad.

Wichita, Kan.—Some weeks ago the
Kansas supreme court ruled that cer-
tain cities did not have to collect a
poll tax. Wichita is one of them.
Then the Salvation Army officers
here conceived a bright idea.
"Why not ask the men for their
poll tax, and use the money in fur-
thering the war work overseas of the
army?" they asked.
Now accredited solicitors of the
Salvation Army are collecting the poll
tax receipts of business men and oth-
ers. They will present them to the
city officials when the refund is made.

DAY-OLD SON SAVES DADDY

Soldier Overstays Leave When Heir
Doesn't Arrive on Time and Is
Arrested for Desertion.

Denver, Colo.—John Pershfield, Jr.,
aged one day, saved Private John
Pershfield, Sr., of Company G, One
Hundred and Fifty-seventh Infantry,
from being court-martialed on a charge
of desertion from Uncle Sam's forces.

Private Pershfield secured a fur-
lough from Camp Kearney, Linda Vis-
ta, Cal., where his company is training,
to visit his home in Denver. When he
failed to return to camp at the expira-
tion of the leave, Col. Patrick Ham-
rock, commanding officer, wired Den-
ver authorities to arrest Pershfield as a
"deserter from the army."

The charge was changed to "ab-
sent without leave" when local authori-
ties notified Hamrock that Pershfield,
Jr., failed to arrive as soon as expect-
ed, so the soldier-daddy overstayed his
leave waiting for Mr. Stark to put in
an appearance.

HINGHAM HAPPENINGS

There has been an excellent attendance at both regular meetings of Dorothy Bradford Chapter, O. E. S.

A Valentine social with Sister Marion W. Sprague as chairman, was enjoyed by the members and guests.

The social hour of the second meeting was in charge of Sister Carrie L. Wade. All present at these meetings participated in the games, refreshments and a general good time. The Monday holiday having been dropped, the chapter will now go back to its usual meeting night.

Miss Mary Spaulding, Dr. Spaulding's aunt, died at her home on Monday morning. The funeral services were held at her late home, South street, on Thursday. Burial was at Wilton, N. H. The Rev. George Spurr of the New South Church officiated.

The Special Aid Society will hold a luncheon at the John Andrews' school on Saturday in aid of the fund. Dr. Spaulding, who is recovering from an operation performed on his ear and made necessary by an abscess, was unable to accompany the body of his aunt to Wilton, N. H.

The second casualty of the war of this town was the death of Sgt. James A. Parker of the 103d engineers' corps in France, of pneumonia, news of which was sent in General Pershing's report to the war department, made public recently.

Sergeant Parker came to Hingham several years ago while he was serving enlistment in the marine corps and was stationed at the West Hingham reservation. After the expiration of his enlistment he entered the employ of the government as ordnance man at the same station.

He served last spring as traffic officer at Main and South streets for a short period and was special policeman of the town.

He was a native of Dalton, Tenn., where his parents and brothers and sisters still reside.

Flags on the Town Office building and police station were at half-mast for three days.

Shortly after the war broke out he enlisted in the engineers' corps, and was stationed in Slem, N. H., until his division went to France.

Sergeant Parker leaves a widow, now living at South Weymouth, who was Miss Susie Maloney. They were married in Hingham just before his detachment left for France, by the Rev. Frank M. McKibben.

Edward T. Coughlin, 18 years old, son of Daniel J. Coughlin of 111 Woodrow avenue, Dorchester, a member of the naval reserves, died Wednesday last week at the naval station in Hingham of pneumonia.

Coughlin, who enlisted three weeks ago, has a brother Daniel serving with the American forces in France. The funeral was held Saturday morning in St. Matthew's Church, Dorchester.

He was well known at Weyland Hill, where his family have resided in the summer for several years.

At the session of the probate court held at Plymouth, John W. Shaw of Weymouth was appointed administrator of the estate of the late Jesse W. Shaw.

There were only two German aliens registered at the registration bureau at the Hingham postoffice during registration week.

The Rev. Andrew J. White, curate at St. Paul's Church, has been appointed Catholic chaplain at Camp Hingham.

Last two Sunday mornings he celebrated mass in the Y. M. C. A. quarters, as that organization has kindly offered a part of their spacious room for Catholic services.

Officers and men are happy over the appointment of the young clergyman who has always shown deep interest in the soldiers and sailors.

A former Hingham man has been nominated at the primaries by a substantial vote as candidate for the office of town auditor.

The Bible Study class is well attended and new members are cordially invited to join at any time.

Col Thomas Weston Auxiliary, S. of V., will hold a costume party in G. A. R. Hall, Hingham Centre, Saturday evening, March 16. This is a part of a world-wide movement of the S. of V. auxiliaries to raise funds to furnish a fleet of ambulances for war service.

The trench candle committee of Old Colony Chapter, D. A. R. have received an official communication from the secretary of the Women's Naval Service, Inc., Washington, D. C., which states clearly the position regarding the trench candles. It had been published in the Boston papers that no more trench candles could be shipped. The secretary makes it clear that the candles are not only useful but necessary to the men, and that they have facilities for shipping them with the troops as they go across.

The society has not at any time received more candles than they can use and would solicit still further donations for the making of same.

The water department in digging up the pipes in front of the Wilder estate on Main street recently unearthed a skeleton. The bones were assembled by Dr. Chase of Weymouth, who pronounced them as belonging to a white person.

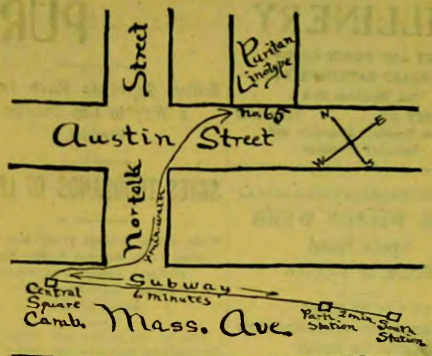

They were turned over to the Historical Society, which will have them buried in the Memorial to Old Settlers lot in the Hingham cemetery.

Historical authorities state that the original cemetery in the town of Hingham crossed Main street directly in front of Derby academy. It is probable that the bodies were not all removed when the change in the locality was made, and that the bones which are said to be found whenever excavations are made in the vicinity are those of the old settlers of the town.

The Washington birthday social held after the regular meeting of Dorothy Bradford Chapter, O. E. S., was an enjoyable affair. Mrs. Carrie L. Wade, chairman, was ably assisted by Mrs. Mary Tirrell, Mrs. Elizabeth Bahe, Mrs. Carrie B. Reed, Mrs. Louise Joffrey and T. J. Joffrey, past patron. The games were unique and appropriate. The method of selecting partners was a pleasing innovation. Walnuts were passed around and each ball contained a verse, one was the completion of the other. The decorations were red, white and blue with pictures of Lincoln and Washington and red, white and blue shields with Uncle Sam. The favors were hatchets. The lunch was chicken patties and Washington pie. In the cherries were small flags.

HULL BOY ACCIDENTALLY SHOT
It has been learned that Clifford James of the naval reserve, son of Mr. and Mrs. John W. James, was accidentally shot at camp in Maine just as he came off guard duty, but is now so far recovered as to be able to perform light duties. Clifford was provisionally saved from being shot in the head. He was leaning down with head on hands and elbows on knee getting warm before the fire when a companion sitting opposite dropped his gun, which exploded, the ball entering Clifford's leg just above the knee. Fortunately it did not hit the bone either. The posture in which he was sitting seemed the bullet to pass very near his face. His companions had to put him on a sled and drag him to Bangor and from there he was taken on a sleigh in Portland, where the bullet was removed. It is said that he was very weak from loss of blood when he arrived at Bangor, but that he displayed remarkable fortitude. His brother, Mr. George James, a Boston lawyer, and Mr. James Mangus of Hull, went to see Clifford at once. His position and good nature won him many friends in the hospital. His companions speak highly of his courage.
